Established in the year 1995, Pharma Machinery & Spares has created a market for its self as a manufacturer and exporter of precision engineered products that are extensively used in the pharmaceutical industry. Our multitude of products include Pharmaceutical Machinery, Tablet Press Machine, Rotary Tablet Press Machine, Fluid Bed Dryer, Mass Mixer, Planetary Mixer Machine, Tablet Compression Machine, Double Rotary Tablet Press, Single Rotary Tablet Press, Blister Packaging Machine, Multi Mill, Colloid Mill, Strip Packaging Machine, Tablet Coating Machines, Tube Filling Machine and Container Filling Machine Triple Head and etc...

Our machines are used in the Tablet , Capsule, Liquid, Ointment, & Injectable Section in the pharmaceuticals industry.

Since our inception we have installed around 400 machines in a number of pharmaceutical industries around the world. Our repertoire of clients spread across the globe speaks volumes about our market share. This has only been made possible because of our world class infrastructure and efficient and qualified team of workers.

With all of the above factors playing a major role in our successful endeavors the other factor that has made contribution in our huge market share is the pricing of our products. Cost effective products combined with on time delivery is the key to our unmatched success.
